RE: Tom Wilde

Tom Wilde was denied readmission to the GSEIS in the Fall term, 1996, because he had failed to make up a number of incompletes that had turned to "F". Val D. Rust, the head of the SSCE Division and Nicholas Blurton Jones, his advisor, met on Monday, October 6 to review the situation, including the claims that have been made about proper notification of all the people involved and the decision-making process that led to his dismissal. While we are in sympathy with the general process, we would like to recommend that Tom be allowed to continue in the program for Fall Quarter, 1996. If he fails to clear up his record in an adequate manner by the end of this term, we would support the decision to terminate him. We hope you will honor our request and allow him to enroll this term.

Val D. Rust
Head, Social Sciences and Comparative Education

Nicholas Blurton Jones
Advisor of Tom Wilde
